

## **St. Agnes Council Meeting 10-8-2013**

Attending: Msgr. Pilon, Jessica, Gerry, Denny, Jill, Sheila, Conray and Connie

Opening Prayer

### **Old Business:**

Connie read last months minutes, approved by Denny, second by Jill.

Time and Talent sheets will be mailed out to families who have not yet responded.

Msgr. handed out financial statements to review.

Motion to approve financial statements by Jill, second by Denny.

### **New Business:**

Father Luete may come at the end of October to speak to the two parishes, waiting for confirmation for his replacement while he is here.

October Mass census is being conducted.

### **Religious Ed:**

Attendance has been good and class work getting done.

Msgr. Will meet with parents of reconciliation students in November.

Need to get the last of the teachers back ground checks and sign off sheets.

### **Christian Women:**

Planning is going well for the fall dinner. Some adjustments have been made for those that cannot work that day.

Think of events that we might be able to invite Bishop Folda. Jill and Jessica suggested a Winter Carnival in the ambulance building, Denny suggested combining the carnival with the Spaghetti Dinner. This would be open to the community to raise money for the parish with possible bingo, cake walk and dinner.

**Building and Grounds:**

Jill took care of the Mass time on the front lawn sign--8:30 and 11:00.

There is a plan in place to have the doors repaired.

Two lights on the south side are burnt out, Conray will check it out.

Conray will call Bryon to get a plan to mow the lawn before the Fall Dinner.

**Other Business:**

The Bishop will be delaying "Parish Evaluations" until he has his feet on the ground.

Future Planning/Envision Process for St. Agnes

Will continue the process at the next meeting, talked about things we want to avoid:

Not having a heating backup system in place.

Not welcoming new people and/or leaving people out of church activities.

Not having music during Mass, need a back up musician for Lois now that Heidi is gone, perhaps learn how to use the prerecording feature on the organ.

Closing Prayer
