MESSAGE FROM MONSIGNOR - RESURRECTION

Today we rejoice in the Resurrection of Christ. Jesus has conquered death. This is a glorious feast because Jesus is the first fruits of His sacrifice for us. Jesus went to the Cross confident that God would vindicate Him and raise Him up. But not only for Himself, Jesus goes before us to lead us to Resurrection as well. We celebrate light and water because these are symbols of life and renewal. If spring were to be only dry and dreary most of us would struggle with some degree of depression. The glory of spring is that we come out of the darkness of winter hoping to see green and life around us. The ultimate question for us is: Is this for real? Is it really possible for death to be conquered? Can Jesus really have risen from the dead? There are many who try to reduce Jesus to being simply a good and holy man. Thomas Jefferson is a famous father of the country who was convinced that miracle stories are mere fables. The premise for Islam is that when Jesus died on the Cross, He failed His mission. Mohammed had to come to bring the world to submission to God.

As Christians we believe in the ultimate paradox. Jesus had to die in order to conquer death. He announces that God's love is so powerful that not even sin and death can separate us from Him. In the resurrection we are no longer veiled from seeing God in each other and in the Church. In the resurrection we are not just isolated souls separated like ghosts from our bodies. Our souls and our bodies are transformed. In this life our bodies reveal us to others at times but they also hide the real person from others and even ourselves. In the resurrection we will be freed from such limitations. Fear and insecurity will no longer be a burden. We will be free to see the goodness of God within ourselves as well as in others. There will be no such thing as loneliness, we will be comfortable and at peace with everyone.

Believing this is an act of faith. There are those who would say how can you believe such foolishness. For some God is simply the power of the universe. Just as we see patterns everywhere, faith would be simply one more pattern we have imposed on the universe.

Message from Monsignor (continued)

In Jesus God is inviting us to make a choice. He does not force anything on us. He does not force us to believe. We have to decide if we are going to take seriously all the words of Jesus. St. Paul says if we do not accept the resurrection we are the most pitiable of people. We are wasting our time because we are still in our sins. If Jesus did not rise, we are condemned to death. There is no real meaning or purpose for us. Life is hard and then we die. But if Jesus did rise, we too will rise. We will see God face to face and we will have the joy of being one with all of God's people.

So I wish you a Blessed Easter. May faith in the living Jesus fill you with hope that all the struggle and suffering of this life will be rewarded with the glory of eternal life.
